Assignment - Land - Kollegal taluk - Mulberry Cultivation Condition of assignment - Relaxation - Requested.

Ref: 1. G.O.No.Ms.3066 Revenue dated 7--12--1943.
2. B.P.Mis. 96 dated 18--1--1945.

Bolae gowder of Bankanallydoddy has occupied S.No.664 measuring 5.23 acres raised mulberry in 3 acres and food crops in 2 acres and Doddabasuvai Gowder has occupied S.No. 662/2 measuring 4.93 acres, raised mulberry in 2.18 acres food crops in the rest. Both have promised to raise mulberry in the entire extent before the next season and request that th lands may be assigned to them now. These lands form part of the compact blocks in Kollegal Taluk set apart for mulberry cul tivation in G.O.No.3066 Revenue dated 7-12-43. Originally the condition of assignment was that mulberry alone should be cultivated on the lands assigned. Subsequently in G.O.Mis. No.64 Revenue dated 11-1-45 communicated in B.P.Mis.96 dated 18-1-45 this condition was relaxed in favour of the "landless poor" so that they they may be permitted to grow food crops on an extent not exceeding one acre out of the area assigned in each case for planting mulberry. The Government also ordered that for the present purposes "Landless poor" will be understood to mean poor ryots who are unable to take up more than four acres for cultivation. In the present

P.T.O.

present cases the applicants have taken up more than four acres for cultivation and have also raised food crops on extents exceeding one acre in each case. The lands cannot therefore be assigned to them unless the conditions are relaxed in their cases.

In their memo No.1787-F/45-4 Revenue dated 30-8-45 communicated in Board's L Dis.B.2184/45 dated 8--9--45 the Government have stressed the necessity of assigning for mulberry cultivation as much as possible of the 10,000 acres of land mentioned in para 3 of G.O.No.3066 Revenue dated 7-12-43. The two applicants in the present case have already entered on the lands and raised mulberry and food crops. The Revenue Divisional Officer, Kollegal reports that it is difficult to find out applicants for cultivating mulberry. Apparently the two applicants come under the other definition of 'Landless Poor' i.e. those who are unable to take up more than 4 acres for mulberry cultivation. In the circumstances I recommend that the two conditions referred to above may be relaxed in these two cases and the lands ordered to be assigned to the two applicants.
